EXTENDED LIFE

50/50 PREDILUTED COOLANT (GREEN)

EXTENDED LIFE 50/50 PREDILUTED COOLANT (GREEN) is an extended service life product. It is blended with 50% coolant for temperature and corrosion protection and 50% water for heat transfer inside radiator and cylinder head. It also provides excellent protection on all common cooling system which includes water pump, engine block and intake manifold.

BENEFITS

- Suitable for use in all makes and models of cars and trucks.
- Helps to avoid boiling and freezing in radiator system.
- Compatible to all kind of rubber seals.

Directions for Use

- Do not remove radiator cap when engine is hot.
- Antifreeze/coolant (new or used) is hazardous. Clean up and dispose of properly following local regulations.
- Check owner's manual for maintenance and top-off guidelines.

Caution: Do not fill container with fuel /solvent- static could cause fire. Avoid prolong and repeat skin contact with the used oils. Protect the environment by disposing of used oil properly.
