

MC-291

Xtrasol Ultra Performance Metal Polish

x'traseal®

TECHNICAL DATA SHEET

REV: 03

Date: 30 April 2024

DESCRIPTION

MC-291 XTRASOL ULTRA PERFORMANCE METAL POLISH is a pleasant smelling premium product using the best materials available in the industry to polish, clean and protect all bright metal surfaces e.g. aluminium, stainless steel, chrome, copper, brass, silver, gold, nickel, etc.

Its powerful yet gentle abrasive property makes it ideal for restoring the shine of heavily weathered and corroded surfaces. Furthermore, it contains high-tech multi-metal corrosion inhibitors protecting against rust, tarnishing and corrosion.

A high quality wax in the formulation provides exceptional shine, seals and leaves behind an invisible wax coating which is water repellent and protects against finger prints, contamination and further corrosion

UNIQUE WATER DISPERSIBLE PROPERTY

Unlike other metal polishes, **MC-291 XTRASOL** is water dispersible - allowing easy cleaning and re-use of polishing cloths.

USE

Recommended use in hotel, restaurant, office, industry and home.

For polishing bicycles, motorcycles, cars, joss-stick stands, candle stands, jewellery, watches, musical instruments, metal furniture, lamps, aluminum windows and doors, brass rails, sink, metal signboards, etc.

WE RECOMMEND PRELIMINARY COMPATIBILITY TESTS PRIOR TO APPLICATION TO ACHIEVE DESIRABLE RESULTS

APPLICATION

- ◆ Apply a small amount of plus series xtrasol to a soft cotton cloth or buffing pad.
- ◆ Gently buff the surface in a back and forth motion.
- ◆ Buff to clean surface to a polished/ shiny finish.
- ◆ Wipe off any excess plus series xtrasol on the surface.
- ◆ Repeat as desired to get that perfect shine.

SPECIFICATION

Specific Gravity	1.32 ±0.05
Odor	Ammonia
Appearance	White paste

SHELF LIFE

24 Months.
