HYDRAULIC OIL AWS 68

HYDRAULIC OIL - AWS68 lubricant for a wide range of applications. It is blended with high quality mineral oils, which confer outstanding oxidation and thermal stability. HYDRAULIC OIL – AWS 68 has natural anti-friction and corrosion protection properties. It does not have any adverse effects on any metal or rubber parts of machinery, and can be used as a general lubricating fluid.

BENEFITS

- Good oxidation and thermal stability
- Cost-effective product
- Good wear protection
- Prolongs machinery life
- Multipurpose lubricant
- Protects against rust and corrosion

TYPICAL PROPERTIES

Density, kg/litre @15°C	0.866
Appearance	Clear
Kinematic Viscosity ,cSt @40°C	70.31
Kinematic Viscosity, cSt @100°C	9.26
Viscosity Index	108
Pour Point, °C	-27
Flash Point, COC, °C	220

Caution: Do not fill container with fuel /solvent- static could cause fire. Avoid prolong and repeat skin contact with the used oils. Protect the environment by disposing of used oil properly.
